

Thank you Lawyer

Dear lawyer,

I am writing this letter to thank you for your contributions in establishing law and order. You have devoted your life to fight for what is right. You have always stood up against the wrong deeds. I want to thank you for your service which makes us feel safe.

I thank you for all the dedication and efforts you show in the cases you fight. You have spent sleepless nights analysing every little details of the case you have fought. There were times you were offered rewards in lieu of giving up your honesty. But nothing tempted you enough to make you quit the path of truthfulness.

I want to thank you for the stress you have taken to free your clients of all their stresses. You have always been patient with your clients and tried your best to make them feel comfortable. You have been a great advisor. You have always stretched your helping towards your clients to make them feel comfortable in the courtroom. You have always found happiness by providing justice to your clients.

I want to thank you from the bottom of my heart for making us feel safe. You have all my prayers and best wishes.

With respect,

Citizen
